Are you familiar with living in the tropics? Bugs? Weather?

Do you have any significant food allergies?

Do you plan to rent/buy a car while here?

Do you have any farm experience? Describe it.

What do you hope to learn while at the farm? What would you like to experience as student of Kolealea Agricultural Center?

What would you like to contribute?

What brings you the most joy in life and what is your passion?

What would you like to learn about organic sustainable farming and sustainable living?

Do you speak fluent English?

When are you thinking to come?

How long are you considering staying?

Our Land development work requires a strong and flexible body. Do you have any physical limitations or medical concerns that might limit your ability to work strenuously, or that might require adaptation of your work tasks? If yes, please explain.

What other skills do you have that you might offer to us?

Anything else you'd like to tell us about yourself?

The more you can tell us about yourself and who you are, and your ideas about what you want from this experience, allows us to figure out how to help make it a positive journey for everyone!
